

LAFAYETTE PREPARATORY ACADEMY

St. Louis, MO | Est. 2013

Teacher- Specialists Job Description

Art, Physical Education, Music, Technology

Lafayette Preparatory Academy, a charter school, opened in the fall of 2013 initially as a K-2 charter school with 74 students and will grow with its students through 8th grade. Our mission is to be a community that prepares students for academic and collegiate success and equips them to enter the world as active, responsible, and involved citizens and leaders. We utilize a rigorous academic model to implement research-proven curriculum focused on critical thinking and problem-based inquiry. As a community school, serving the needs of students from Downtown/Near Southside neighborhoods, LPA will support social and economic growth and sustainability in the city of St. Louis.

Teaching at Lafayette Preparatory Academy:

Lafayette Preparatory Academy seeks passionate educators and relentless over-achievers who have proven to be ambitious self-starters and operate with both a sense of urgency and responsibility. Teaching at Lafayette Preparatory Academy is ideal for an educator with deep passion for instruction and who is eager to participate in a collaborative coaching method in order to perfect his/her craft. In addition to daily planning time and weekly collaborative development after school, teachers will receive regular advice, support, guidance, and feedback from supportive leaders.

Teachers will also participate in an extensive on-boarding process during their first year at LPA that will begin at the end of July and last for four to five weeks, followed by a monthly seminar that focuses on the culture of the school. Each subsequent year, teachers participate in Professional Learning Institute which begins two to three weeks before the start of school. Teachers at LPA are committed to building strong foundations as a team before students arrive each year.

All of the teachers at LPA utilize backwards design to create and implement rigorous learning experiences that engage critical thinking while also encouraging the development of content knowledge and skills needed for success. Teachers employ Project-Based Learning and Design Thinking methodologies to encourage robust learning for all students. Additionally, LPA teachers are driven to help their students succeed. They embrace growth mindset for themselves and encourage and develop it with their students.

LAFAYETTE PREPARATORY ACADEMY

St. Louis, MO | Est. 2013

Specific Responsibilities:

Art- Elementary The Elementary Art teacher at LPA will teach students in Kg-4th grade. Students at LPA take Art two to three times each week. Art takes students through many techniques celebrated throughout history and around the world. Students develop key skills in realistic drawing, constructive drawing, composition skills, knowledge of perspective, knowledge of color scales and more. Students develop knowledge and skills over time in a supportive, studio environment with space for individual creativity and showcasing of talent. Additionally, students will learn the art of receiving and giving critique. Students make connections between art, history and literacy and produce pieces for display in both 2D and 3D forms. Artwork displays are an important component of the program, and guiding students towards completion of projects through display is key to their growing development. Displays showcasing student work should be created and changed frequently.

Art- Middle The Middle School Art teacher at LPA will teach students in 5th-8th grade. Students at LPA take Art two to three times each week. Art takes students through many techniques celebrated throughout history and around the world. Students develop key skills in realistic drawing, constructive drawing, composition skills, knowledge of perspective, knowledge of color scales and more. Students develop knowledge and skills over time in a supportive, studio environment with space for individual creativity and showcasing of talent. Additionally, students will learn the art of receiving and giving critique. Students make connections between art, history and literacy and produce pieces for display in both 2D and 3D forms. Artwork displays are an important component of the program, and guiding students towards completion of projects through display is key to their growing development. Displays showcasing student work should be created and changed frequently. Additionally, the teacher will plan a section for Investigations (see more information below) for 1 period each day.

Music- The Music teacher at LPA will teach students in grades K-8, in alignment to the grade level music standards. This teacher sets the musical foundation for all other work students will take on while at LPA and beyond. They must be able to balance developing children's skill development, understandings and social-emotional skills. Students come to LPA with a variety of skill sets. The music teacher is responsible for designing engaging lessons that meet students where they are, while also ensuring progress over the course of the year. Additionally, the teacher will plan a section for Investigations (see more information below) for 1 period each day.

Physical Education and Health- Elementary- The Elementary PE teacher at LPA will initially teach all students in Kindergarten through 4th grade. Students at LPA have PE two to three times each week. Students in PE will learn key skills to increase coordination, flexibility, balance, muscular power and endurance while also increasing teamwork and sportsmanship through game-play and skill challenges. The Elementary PE teacher will also have an opportunity to be part of the after-school athletics program. The PE teacher will partner with other staff, including the middle school PE teacher to build upon the current program (K-4).

Physical Education and Health- Middle- The Middle School PE teacher at LPA will teach students in 5th through 8th grade. Students at LPA have PE two to three times each week. Students in PE will learn key skills to increase their knowledge and understanding of athletics through units on soccer, baseball, basketball, volleyball, dance and more. In addition to building skill in these areas, students will work to increase their overall health and fitness through the development of coordination, flexibility, balance, muscular power and endurance, while also increasing teamwork and sportsmanship. In conjunction with other members of the school community, the Middle School PE Teacher will lead the work to build an after-school athletics program for all students. The PE teacher will partner with other staff, including the elementary school PE teacher to build upon the current

program and design the middle school PE program (5-8). Additionally, the teacher will plan a section for Investigations (see more information below) for 1 period each day.

Technology- The technology teacher instructs students in Kindergarten through 8th grade. Elementary students take a technology-based Project Learning Course two times each week where they integrate their learning from each class to design a unique project. This program utilizes hands-on exploration and various forms of technology to directly tie grade-level content to the class's interests. Projects such as circuit-building and computer coding all make up this one-of-a-kind class. Middle school students have the opportunity to take technology as an elective as well as utilize technology through their Investigations class. In addition to teaching students, the technology teacher supports school-wide technology needs as the lead technology support. They problem-solve through a variety of tech concerns as connected to promethean boards, tablets and computers. Additionally, the teacher will plan a section for Investigations (see more information below) for 1 period each day.

Investigations- Another part of the LPA middle school program is the development of the Investigations program. Investigations is an interdisciplinary block designed to engage students in an opportunity to innovate and explore content and understandings through inquiry, creativity and problem-solving. Throughout their time at LPA, students are guided through inquiry-based studies to build deeper understanding incorporating multiple content areas. While core content will continue to be a critical component of learning at LPA, the Investigations block in middle school will encourage students to apply concepts through innovative lenses. Students will have the opportunity to participate in the design of their learning, pulling in concepts from each area to support a robust, dynamic learning experience. During this block, students will lead their learning, as multiple teachers support and facilitate the learning. Each teacher in the middle school will plan an investigation lasting the length of 1 quarter. The Investigations class is the last period of the day and happens in small classes (16 students max) with mixed-age levels.

Academic Achievement and student character development:

- Plan instruction appropriate to subject and grade level and implement differentiated lessons, addressing the needs of each individual student.
- Utilize Project-Based Learning/Problem-Based Learning/Design Thinking to drive learning within the classroom
- Encourage innovation, creativity and social responsibility.
- Develop and employ multiple assessments effectively.
- Analyze effectiveness of instruction through regular student assessment and reflection on teaching practices and use assessment data to drive instruction and decision-making.
- Utilize a variety of data points to effectively instruct students on a variety of levels.
- Strategically employ multiple strategies to increase student learning in academics and social emotional development.
- Collaborate to develop a set of ambitious year-end goals for each student. Working backwards from these goals, determine benchmarks.
- Create a positive, achievement-oriented and structured learning environment that excites and invests students.
- Motivate students to realize high academic and social standards.
- Build an ongoing partnership with families for their children's academic success.
- Exemplify LPA's core values in all interactions with students, families, and colleagues.

LAFAYETTE PREPARATORY ACADEMY

St. Louis, MO | Est. 2013

- Create a classroom environment that promotes student safety.
